- 📅 3/15: No School; Teacher Learning Day

PTA

February 13th, PTA will be sponsoring a Chili Cook-off during conferences. You can enjoy dinner for only \$1 a bowl. PTA is looking for families to donate a crockpot of chili to the event and there will be prizes for many of the entries.

Also this month, PTA will be feeding Campbell's fabulous teachers. A Sign-up Genius will be emailed to families or you can email the PTA at campbellpta@yahoo.com if you are interested in helping out.

Campbell Families,

Thank you for those who have already completed [EnrollJeffco](#). We know any change in structure can be difficult and appreciate all who registered for the upcoming year. You have until February 8th to enroll for next year. Computers are available in the school office should you need a device, internet access, or help with your Jeffco Connect password.

February is Parent Teacher Conferences. If you have yet to sign up for a slot to visit with your child's teacher please do so. Conferences are a great opportunity to work together for your student's success. It is also wonderful to hear about the tremendous authentic experiences your child is participating in at Campbell. Also, this month, will be Campbell's Science Fair. Presentation boards are available for purchase in the office for \$5. Students who want some help, can attend any of the science fair workshops where adults will be available to assist with ideas and presentation. The next workshop will be this Wednesday.

We are beginning to prepare for required state testing this spring. Many of our assessments will measure individual student growth and achievement toward grade level standards. English Language Learners took ACCESS in January and our 3rd-5th grade students will be tested in Language Arts and Math during the month of April. Please pay special attention to the testing schedule that will come home from your student's teacher as you schedule appointments this semester. Since all students are required by the state to complete assessments, any time your child is absent, upon return they miss instructional minutes making up the required test. These state assessments are used to determine which schools receive honors such as the Governor's Distinguished Improvement award which was presented to Campbell this past year. Another reason for our student's tremendous growth on these assessments is teacher's work around professional learning and collaboration, which led to Campbell being selected as a 2018 National PLC Model School. To continue this great work, teachers will have a professional learning day on February 15th, which is a no contact day for students.

Finally, we hope you will continue to check in with your child about their learning each night. Specifically, students have been focusing on social emotional learning with our kindness concepts. Asking your child about these kindness traits is a great entry point on something specific they are doing in school.

Please reach out if you have any questions or compliments at 303-982-1462 or Ryan.Stadler@jeffco.k12.co.us.

Important Announcements/Reminders

- **School Messenger:** If you have moved, changed phone numbers or email addresses it is likely we do not have updated emergency contact information for you. Consider updating your contact information in Jeffco Connect to receive the most timely information about your student. You can also download the [Jeffco APP](#), or join our [Facebook](#) and [Twitter](#) accounts for easy access on everything happening at Campbell.
- **Spirit Day:** The 100th day of school celebration was an awesome day. You can see many images on our social media accounts. In February, we will have a spirit day on the 22nd. We are encouraging students to wear bright or neon colors.
